

Product care

All products are handmade with genuine materials such as sterling silver, pearls, silk etc. and are crafted to the highest standards. Nevertheless all products are fragile and should be worn with care. To keep your product at his best and to prevent damage:

Don't wear it while sleeping

Don't spray perfume (alcohol containing products) on the place where you wear the product

Avoid contact with water, detergent and chemicals

Sterling silver oxides with time and can be cleaned with special polish.

Gold filled jewels will erode at an extensive level of use. If you clean these jewels with polish please don't brush to hard to keep the product at his best.
